Who says dance is only about moving your body to the beat of music? Dance and movement is in fact, an art that promotes not only children's cognitive but also their emotional development. Dance can give a free reign to children and their creativity and also nurture their skills for self-expression and communication.

The next Expert Discussion Forum from mycity4kids brings to you Kirthana Ramarapu, Executive Director, Kinderdance, India to help you understand the impact of dance and movement on the overall personality of a child. She will be present online at the mycity4kids Discussion Forum on Tuesday, 21<sup>st</sup> May 2013 for a 2-hour long live session to address all your queries and concerns on the subject –

"Importance of Dance and Movement for a Child's Overall Development"
